

Young Government Leaders (YGL) is committed to providing an authentic voice for our generation of aspiring government leaders. Our membership consists of over 13,000 federal, state, and local government employees and is continually growing. YGL actively builds and maintains a leadership community for young public servants across the country through professional development activities, networking opportunities, social events, mentoring, seminars, fellowships, scholarships, and more.

## MISSION

YGL's mission is to provide early to mid-career public servants with the tools and support needed to lead from where you are and develop into leaders at the federal, state, local, and tribal levels, regardless of age, stage of career, or positional title.

## VISION

YGL seeks to support the development of government leaders by providing a community of support and learning; and collaboratively working with members and partners to address emerging issues.

## VALUES

- **Service** – United in the desire to serve community and country
- **Growth** – Developing our members professionally and personally
- **Equity** – Promoting fair access to opportunities for all government leaders
- **Diversity** – Fostering a creative, diverse, and innovative workforce by embracing people of all backgrounds, regardless of race, gender, age, and other differences
